

## **What is Babbel?**

Who doesn't want to once and for all learn – or brush up on – a foreign language? Babbel.com offers this opportunity almost effortlessly directly on the internet.

### **Comprehensive Learning System**

Babbel is developed by a team of 30 specialists that are consistently improving the diverse content and interactive online teaching methods. The platform covers all the most important bases for learning a foreign language through a comprehensive Basic and Advanced Vocabulary, grammar explanations and practical exercises.

### **A Playful Approach to Learning**

Learning at Babbel is easy and fun. The playful website is ideal for a new start into a language or for freshening up on a language you've already studied. Through the presentation of even more difficult topics in small, digestible portions and through an accessible organization of the learning material, there's no need to strain.

### **Community Features for Learning and Exchange**

In addition to the learning platform, Babbel also offers the possibility to get in contact with native speakers and other learners from around the world. Every user has a personal profile, and there is a "Board", live chat and an internal messaging system.
